

TECHNICAL CHEMICAL COMPANY

WE'VE SPENT THE PAST 52 YEARS PERFECTING
AUTOMOTIVE AND HOUSEHOLD PRODUCTS

Technical Chemical Company has been formulating and marketing some of the most effective car and home care products in America and around the world. Starting with brake and transmission fluids in 1961, the Company has expanded into cleaners, lubricants, additives and refrigerants, along with tire repair, radiator, battery, transmission and power steering products. Most recently, TCC acquired Spray-X[®], a leader in the glass cleaner industry.

The Spray-X[®] brand was launched in 2010 after the completion of a new and innovative foaming glass cleaner formulation. Through strategic marketing, Spray-X[®] has rapidly grown into an established brand, known for superior quality that rivals leading competitors in the glass cleaner industry, offering better performance at a greater value.
